

A cup of coffee with latte art, surrounded by coffee beans and a bag of coffee. The background is a soft, warm-toned image of a coffee shop setting. A white cup filled with coffee and a heart-shaped latte art is the central focus. It sits on a wooden surface surrounded by coffee beans. In the background, there's a bag of coffee with the text "100% ARABICA COFFEE BEANS PREMIUM QUALITY" and some green leaves.

THE PROBLEM

# The Status Quo Is Broken

Great coffee shouldn't be a compromise. Yet millions settle for bitter, acidic, or inaccessible brews every single day.

## Heat-Extraction Bitterness

Traditional brewing creates harsh, bitter profiles that mask the bean's true character.

## Aggressive Acidity

High-acid profiles compromise both flavor and comfort — a daily trade-off no one should make.

## Boutique Quality, Zero Access

Artisanal coffee stays trapped behind the counter. Retail access remains elusive.

OUR SOLUTION

# The Velvet Grind Solution

## Room-Temperature Steeped

No heat extraction means no bitterness. Patience replaces pressure.

## Milder, Naturally Sweeter, Fruity

Cold brew's signature smooth, complex profile — layered and approachable.

## Zero-Compromise RTD Convenience

Artisanal quality, instantly accessible. No barista required.
